"Nigger Equality."

Why is it that the "split-tail" Democracy continue to keep up this incessant clutter about "negro equality" as a Republicar principle? What grounds are there for I New look to this one fact: The census Now 1008 to this one last: The census of 1800 shows that there were some 280,000 nucleitoes in the Southern States, and not one E-publish. Now, who are the "pu-ticates" How comes it that there "pu-sous" are half nigger and half Democrat? A Simplificant Straw.

We are in receipt of a few reolumn Doug-los organ from Newport, N. H., entitled the Whip and Spur, charging us with having states from it an article, entitled, "Science applied to politice." It is an eld dodge for a secondarial after committing a dependation, to ery at the top of his voice—"atop third!—stop third!"

Po-sald County gave Fremont 21 votes, it will give Lincoln 200. Messac County gave between 18 votes, it will give Lincoln over 100. Pope County gave Fremont 11 votes, "will vive Lincoln from 200 to 250. Ic.
